Welcome to our first Montana Maternal Online Genetics Sale of the Fall. If you've never participated in our online embryo auctions, here is a quick overview: On September 23rd at 7 pm MT, go to [SaleRing.Live](https://salering.live) and turn up the volume for the live closeout. It will be an auction format with Colonel Dave Mullins selling each lot in catalog order. We promise it will be a fast-paced and exciting event.

It is all about the cow at Montana Ranch. Of course, the sires are important, but the cows behind them are even more so. By stacking the pedigrees with proven, productive and prepotent cows in every slot of the pedigree, we increase the predictability and remove the guesswork. When this nation's cowherd builds back, it will be on a maternally-focused foundation. Fertility, maternal efficiency and productivity, backed by real-world proof will lead the way as more and more commercial cow-calf producers realize that their profitability and survival will be determined on the ranch, not on the rail.

Each and every mating in this offering was created for our own use. Some of the matings were transferred this year, while others were made this year for next year's transfers. Rest assured, this is not a tank clean-out nor embryos made for selling. This is the best of the best from our inventory. As usual, all of the matings sell with a guarantee of 1 pregnancy. As we've gathered pregnancy info from past customers, it is not uncommon to hear that many matings make 2 and 3 pregnancies. In fact, the last 400 IVF embryos we have transferred show a preg rate of 65%.

Please do not hesitate to contact Jim or myself should you have any questions. We would love to discuss any of the matings with you.

David Brown

Jim McWilliam  
406-833-1143

## TERMS OF SALE

- Final price is the bid x number of embryos
- Number of embryos and guarantee are listed with each respective lot
- Invoices will be emailed to buyers immediately following the sale. Please check your junk folder if not in your inbox.
- All embryos will be released to the buyer at Trans Ova - Iowa once payment has been secured. Shipping instructions and costs are the buyer's responsibility. Trans Ova experiences high demand for shippers closer to traditional breeding seasons, thus avoid delays by reserving yours early. Trans Ova - Sioux Center, Iowa (800)999-3586.
- Embryo pregnancy guarantees will be honored with embryos from the same mating if available or with credit in any future Montana Ranch sales.
- Announcements made during the sale take precedent over printed material.

## ALL PAYMENT MUST BE MADE TO SALERING.LIVE

Checks and credit cards accepted.

**\*\*3.5% convenience fee applies on credit card payments\*\***  
Contact [accounting@salering.live](mailto:accounting@salering.live) with payment questions.

# Meet us in MONTANA

## *The* MATERNAL REVIVAL *Sale*

1:00 PM | WEDNESDAY, OCTOBER 14, 2026 | BIGFORK, MONTANA

*Sale Features Include:*

**BLACKBIRD 5024 -**  
Full sister to the \$800,000 Inevitable

**FOREVER LADY 5050 -**  
The first daughter of 7038 to sell

**JOY 9330 -**  
The proven dam of Jet and Ledger

**RITA 5094 -**  
Exquisite daughter of Rita 9093

**RITA 3070 -**  
Full sister to Kingdom 2294

**RITA 9052 -**  
Powerful full sister to the \$220,000  
Rita 9093

**LUCY 5301 -**  
Generations deep for maternal  
function

**BLACKCAP MAY 5109 -**  
Superbly complete Grant daughter

**DONNA 1216 -**  
A Pathfinder Dam by Density

**DONNA 5034 -**  
A Grant daughter from Donna 4356

**MADAME PRIDE 5104 -**  
Chosen daughter from 9838

**ERICA 4105 -**  
Flawless Judgement x Density  
two-year-old

**RITA 1334 -**  
Dam of Madden 4267

**DONNA 1287 -**  
Dam of the \$29,000 Method 4255

**DONNA 2275 -**  
Atlantis daughter from the donor pen

**Visit [www.MontanaRanchAngus.com](http://www.MontanaRanchAngus.com) for more information**

# Maternal: It's not *one* thing or *some* of the things, IT'S ALL OF THE THINGS.

## What does maternal mean to us?

Maternal is elegant and beautiful. Sometimes it's observed and measured. Quite often, the most maternal cows are the ones no one notices. It is a cow working to get her newborn calf up and nursed. It is the instinct of a cow protecting her calf from the blistering sun or raging wind with her own body. It is the cow that keeps her young calf within her view at all times. It is the cow taking her calf away from perceived danger. It is the intelligence of the cow that knows the difference between predator and caretaker.

Ultimately, maternal is the simplicity of the cow breeding on time year after year, all while raising and weaning a high percentage of her own weight with no human assistance to birth, nurse or raise her calf.

## Maternal: What it's not

While our breed organization attempts to quantify and extrapolate the basic fundamental maternal function of cattle into an easy-to-use, one size fits all index, they fail to recognize that a shortcoming in one trait spells failure in the real world in which we and our commercial cow-calf customers operate. The traits used in this index are calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, teat size, udder suspension, functional longevity, docility, mature cow weight, claw set and foot angle.

A review of the top 100 proven sires for \$Maternal provides a great illustration of how an animal can completely fail for a basic fundamental trait, yet still qualify for \$Maternal "breed-leader" status. In these top 100 sires, one in four ranks in the bottom 25% of the breed for one or more of the following traits: claw set, hoof angle, teat size or udder suspension. Blown-out teats, pendulous udders or unsound hooves are anything but maternal in the real-world where labor is limited, inputs are high and margins are tight.

## Optimum rather than Maximum

Even though we primarily focus on maternal productivity/efficiency, we are certainly not anti-data, anti-performance nor anti-EPD.

In fact, we are a performance breeder and regularly utilize EPDs and in-herd ratios to keep traits in the optimum range rather than selecting for maximums which are always limited by environment and genetic antagonisms.

# Maternal Inheritance:

Why do we place so much emphasis on the cows populating the pedigree? With intentionality, dams which are prepotent and which presumably transmit their mitochondrial DNA more consistently are strategically weaved into each pedigree.

**Mitochondrial DNA is the site of the cell's energy production and it is only inherited from the mother.** Without Mitochondrial DNA, gene expression is inconsistent and unpredictable.

**Prepotent:** Showing great effectiveness in transmitting hereditary characteristics to its offspring. Prepotent cows tend to produce similar genetic expression in all of her calves regardless of the sire used.

What if all 7 cows in a 3-generation pedigree are prepotent and consistent for type, kind, function and productivity? **Obviously, the odds of success multiply exponentially.**

**It's all about the cow.**

**"PREPOTENT COWS TEND TO PRODUCE SIMILAR GENETIC EXPRESSION IN ALL OF THEIR PROGENY, REGARDLESS OF THE SIRE USED."**

# ATLANTIS 8060 – THE MATERNAL MASTER

**MONTANA JUDGEMENT 1038 -**  
Son of Atlantis

**MONTANA JAKE 1036 -**  
Son of Atlantis

**MONTANA LARAMIE 3012-**  
Son of Atlantis

**MONTANA DONNA 2275 -**  
Daughter of Atlantis

**MONTANA DONNA 2325-**  
Daughter of Atlantis

**MONTANA DONNA 2100 -**  
Daughter of Atlantis

- Well on his way to joining the industry's most impactful maternal sires, Atlantis stems from a pedigree combining two of the breed's most proven and prepotent dams - Blackcap May 4136 whose sons include the Pathfinder Sires Resource, Renown, Recharge, Rainfall, President and Raindance, and Elbanna 1209, the dam of the widely used sires Confidence Plus, Atlantis, True North and Constable.
- Excelling for traits of real-world, ranch-level profitability, the Atlantis daughters are renowned for their udder quality, fleshing ability, fertility and productivity with 557 daughters weaning 912 progeny with an average NR of 101. 69 sons of Atlantis have sold for \$998,000 at Montana Ranch for an average of \$14,463, while 33 daughters of Atlantis have sold for \$747,500 at Montana Ranch for an average of \$22,651 including the \$90,000-half interest Rita 4083; the \$75,000 Joanie 4037; the \$57,500 Joanie 3029; the \$52,000 Donna 3013 and the \$48,000 Black Ceyla 2026.

- In a world where marketing churn and social media chatter regularly crowns the next great donor, Rita 9093 has earned her claim to fame the hard way. With a jaw-dropping presence marked by overwhelming power, depth, rib-shape and stunning femininity, Rita 9093 has been proclaimed the ideal Angus cow and was selected by Van Engen Cattle as the \$110,000 half interest Lot 1 of the 2025 Montana sale.
- Maintaining a calving interval of 6-351 while producing more than 300 embryos, Rita 9093 earns a production record of BW 5-98; WW 5-108; YW 4-104; IMF 19-102 and RE 19-100. Rita 4083, her daughter, sold as the \$90,000 half-interest top-selling bred heifer to RC Cattle and DC Cattle in the 2025 Montana sale, while her six sons have sold for an average of \$20,100 including the \$40,000 Montana Kingdom 2294, a featured young sire in the Mohnen, Montana and Elmore programs. Another daughter, Rita 1234, produced Montana Merit 4253, a \$30,000 feature of the '25 Montana bull sale.

\*Guarantee of 1 pregnancy

- If stoutness, muscle and depth with awesome maternal productivity are the criteria, this mating of Rita 3043 with the \$800,000 Inevitable 509 will be high on the list.
- Long-bodied and exceptionally deep-sided with an ideal udder design, Rita 3043 is a high-performance powerhouse and was produced from a dam who was a \$16,500 featured selection of Faith Angus from a past Montana Ranch sale. A unanimous visitor favorite, this daughter of Judgement descends from Rita 8H17, a longtime foundation in the program who carries a progeny record of BW 5-99; WW 5-102; YW 5-102; IMF 72-102 and RE 72-100.

# JUDGEMENT 1038 – THE SIRE OF A LIFETIME

**MONTANA BLACKBIRD PROGRESS 4034 -**  
\$85,000 daughter of Judgement

**MONTANA DONNA 3289 -**  
\$90,000 daughter of Judgement

**MONTANA BLACKBIRD PROGRESS 4033 -**

**MONTANA METHOD 4255 -**  
\$29,000 son of Judgement

**MONTANA MCHENRY 4050 -**  
\$23,000 son of Judgement

- A go-to sire for those searching for increased muscle, depth and rib-shape, improved structural soundness with optimal levels of performance while simultaneously selecting for reduced mature size, Judgement was the \$180,000 top-seller of the 2022 Montana sale.
- A high-customer satisfaction sire, the powerful Judgement 1038 is the \$180,000 top-seller in the history of the program and is from one of the breed's most valuable matings. His progeny do not disappoint as evidenced by his sons: the \$70,000 Milestone 4035 in the Duff Program; the \$29,000 Method 4255 at Little Goose Ranch; and sons selling for an average of more than \$29,000 at 3R Premium Genetics in Australia. His daughters include the \$85,000 Blackbird Progress 4034 at ZWT; the \$90,000-valued Donna 3289 at Faith Angus and daughters capturing the Champion Pen of Heifers for two consecutive years at the National Western Stock Show.
- With proven, prolific and productive dams occupying the first seven dam slots of his pedigree, Judgement was produced from the same Pathfinder Dam as Benchmark 9016; the \$70,000 Joanie 1037; the \$57,500 Joanie 3029; the \$40,000 Jake 1036 and the \$35,000 Killebrew 2049. Her progeny earn a record of WW 7-103; YW 7-106 and RE 37-103.

- Selected by Roberts Angus of ND as a \$57,500 feature of the 2024 female sale, Joanie 3029 is from the most valuable mating ever in the Montana program. Produced from the Pathfinder Dam, Joanie 3063, who sold at age nine years to ZWT Ranch for \$75,000 and showing a progeny record of WW 7-103; YW 7-106 and RE 37-103, this young dam earned a progeny WR of 114 on her first calf.
- Eleven full siblings to Joanie 3029 sold for an average of \$47,750 including the \$180,000 Judgement 1038; the \$75,000 Joanie 4037; the \$70,000 Joanie 1037; the \$40,000 Jake 1036 and the \$35,000 Killebrew 2049.
- LT Flint 4005, sire of Lot 5, was the \$147,500 feature of the 2025 LT Ranch sale selected by Mohnen Angus. Right-sized and sound structured with ample muscle shape and ideal type/kind, the balanced-trait Flint is among the most in-demand young sires in the breed.

- This mating features a pedigree blending two of the program’s great dams - the Pathfinder Dam Joanie 3063 and the prolific Donna 438. Sired by the \$180,000 Judgement, Lot 6 was produced from the highly-productive Donna 438, a long-bodied, exquisitely feminine and ideal-uddered full sister of Coleman Playmaker 427 at Genex and Donna 439, the \$350,000 valued dam of Glacier 041, the \$270,000 top-seller of the ‘22 Coleman bull sale.
- With a progeny record of BR 7-98; WR 7-108; YR 4-107 and RE 42-103, Donna 438 produced the \$52,000 Montana Donna 3013; the \$21,000 featured sire in the program, Leverage 3009; the \$20,000 Koufax 2029; \$17,000 Laramie 3012 and the \$16,000 Junction 1017.

- Not only does this mating have great cows in every direction, it is derived from some of the most historically significant animals in the breed. Primrose 2424, Everelda Entense 1905, Donna 206, Eriskay of Rollin Rock 3, Donna 714 and Donna 386 all form a foundation of maternal excellence.
- The recently-deceased and royally-bred Donna 206 is a true breed treasure with a functional, efficient type highlighted by ideal breed character, and is sired by Rito 707, the breed's common denominator for modern maternal and performance genetics. A direct daughter of the influential Donna 714, 206 carries a production record of BW 8-98; WW 8-103 and YW 7-100 with progeny sales of nearly \$300,000.
- Her progeny include Donna 3289, the \$45,000 half-interest selection of Faith Angus Farm from the '24 female sale; the \$30,000 Kosar 2021 at Chundy Angus; the \$27,000 Donna 1206 at Oldroyd Angus; and the \$11,000 Donna 1207 at Brooking Angus Ranch.

- One of the most unique sires ever produced in the Coleman Angus program, Avalanche is destined to be a major force and was the \$250,000 half-interest top-seller of the 2025 Coleman Female Sale.
- Sound from the ground up with unmatched presence and powerful muscle expression, added length of spine and impressive depth of body, Avalanche excels for ranch-level profit-traits and posted tremendous individual performance, posting adj. WW of 942 lbs. and adj. YW of 1500 lbs.
- With great cows in all directions, Avalanche stems from two consecutive generations of Pathfinder Dams and is line-bred to Donna 714, the breed's most prolific and proven source of maternal genetics.
- Avalanche's Pathfinder dam, the \$370,000-valued Lot 1 of the 2024 Coleman sale, earns a progeny record of BR 3-89; WR 3-109 and YR 2-106 which includes Below Zero 2106, the \$300,000-valued member of the Genex lineup. His sire, Glacier 041, became the all-time record-seller of the Coleman program when he sold one-quarter interest for \$270,000 and is the breed's Number One \$Maternal proven sire with daughters in production.

- Unsurpassed maternal strength running throughout this mating of proven and prepotent Donna 7233 to the uniquely powerful Avalanche.
- When we talk about cows being prepotent and clicking with every mating, Donna 7233 immediately comes to mind. With numerous daughters joining her in the Montana donor program and a long list of sons working in purebred herds, 7233 is among the breed's most proven sources of maternal genetics. With one-half interest in 7233 selling privately this summer to our good friends at Rafter B Ranch, this matriarch shows a production record of BW 6-100 and WW 6-101, 7233's progeny include Donna 9431, a \$25,000 selection of Grand River from the '24 sale; the \$20,000 Lombardi 3051; Donna 1084 at Oldroyd Angus and sons working in purebred herds - Justice 1109 at Mystic Hill Farm; Kennebec 2220 at Cambray Livestock; Jingo 1085 at U2 Quality Genetics and Rhodes Red Angus and Jetway 1087 at Larsen Angus.

- One of the most unique matings ever to the great Donna 505, Lot 10 is sired by the popular \$370,000 Bedrock whose progeny have seen tremendous demand.
- With a story and production that seems to grow with each passing day, the now-deceased Donna 505 is regarded as one of Donna 714's most popular and prolific daughters. Selling for \$50,000 at the age of 10 years after compiling more than \$650,000 in live progeny sales, 505 enjoyed yet another run of success for the partnership of Bucksnot and Faith as a flush from her sold for \$25,000 in their 2025 joint production sale.

- Some of the program's freshest genetics, Lot 11 combines Diverse 3181, one of the breed's most popular calving ease sires in 2026, with Donna 1287, a deep-sided, robustly-shaped third-generation donor in the program descending from the powerful foundation Donna 505.
- Her son, Method 4255, has seen use in the program and was the \$29,000 third high-seller of the 2025 bull sale selected by Little Goose Ranch of WY. Carrying a progeny record of WR 2-112 and YR 2-110 with a calving interval of 367 days, Donna 1287 was produced from the famous one-eyed Donna 8074 who balances BR 5-96 with WR 5-101.

- Combining two of the breed's most prolific and prepotent dams, Milestone 4035 blends powerful construction with proven productivity and outstanding performance. This docile, big-hipped and wide-based powerhouse is great-footed and carries impressive presence with added depth of body.
- Joining the Duff Cattle Company sire lineup as an exciting outcross for their Power Plus program, Milestone was the \$70,000 top-seller of the 2025 Montana bull sale. His 5th generation Pathfinder Dam carries a progeny record of WW 8-107, YW 7-107, IMF 61-99 and RE 61-101, and has more sons working in purebred herds and AI companies than any other cow in Angus history. Prior to her most recent son, Koupals B&B Inevitable 509, selling for \$800,000, twenty-four sons of Blackbird Progress 3015 sold for an average of nearly \$27,000, while six daughters offered at auction sold for an average of more than \$34,500, headlined by the \$85,000 Montana Blackbird Progress 4034, a full sister to Milestone.
